

Envision Gallery at Flourish Studio's

Mission

The Envision Gallery at Flourish Studios aims to highlight artists whose work depicts or represents part or all the process of self-transformation and create dialogue on personal or community issues. Artists and their art represent much of what it means to work towards a goal using only one's personal talents, resources, inner thoughts, and emotions. Art embodies what it takes to make one's thoughts; conscious and unconscious, talents, history, and self all work together to bring about a piece of art. This "bringing about" is a true metaphor for personal change and bring an idea from within out into the world. Art give us proof that what we think and dream about can be made into reality. At Envision, we believe that each individual person is an artist creating their one way in the world using their own artistic mediums, resources, and talents. We also believe that art one of the key ingredients to helping us all Live, Learn, & Love.

Description

The gallery is approximately 400 square feet (see attachment for actual measurements of available wall space). Walls are painted off-white and have modern track lighting with 14 moveable arms of light. In addition to the gallery space being used in typical art gallery fashion, this space is also available to rent to outside groups for fundraiser, networking, and social events. Furthermore, the following ongoing programs are offered in the gallery and re-highlighted through our marketing efforts as each new art show is installed:

- *Take an Art Break* – a stress management intervention for the community
- Artist Receptions – to highlight and celebrate artists' creative achievements
- Flourish Studios Speaker Series – experts from the community share what they know to help individuals and families live, learn, & love

Artist Submission

Envision Gallery at Flourish Studios is looking for artists whose work speaks to the process of personal change and/or promotes dialogue on community and world issues. Applications are currently being accepted and we encourage submissions from seasoned and emerging artists. All applications and questions should be directed to Dr. Julia Rahn at drjulia@icanflourish.com
